DOCK CLEANING

IS YOUR DOCK CLEAN?

An extensive cleaning of your dock is not only vital for dock maintenance and upkeep, but also for ensuring your pest control applications are most effective.

By destroying the habitat the spiders and other critters have created over time, it is far easier to keep them away. Tiki Clean cleans your dock to ensure your pest-inhabited areas are clean and free of webs, debris, and general buildup. A clean dock also means your boat will stay cleaner longer.

DOCK CLEANING INCLUDES, BUT IS NOT LIMITED TO:

- Roof support beams
- Dock support poles
- Concrete dock tiles
- Interior of slips (exposed bracing and rubber bump rail around edge of slip)
- Dock ramp
- Dock boxes
- Lift boxes

Bottom of roof can be cleaned upon request; Tiki Clean is NOT responsible for any resulting removal of roof finish.

TOP OF ROOF CLEANING

Deep clean of top of the dock roof includes pressure washing and mold/mildew removal.

A LA CARTE SERVICES

All structures built on the dock (bar area, dock house, refrigerator, etc) as well as dock furniture and any other requests, will be billed at \$60 per man hour. A la carte services are in addition to our square footage dock pricing and service call.
